BELGRADE AND ČUKARICA
RIVER AND THE HILLS

Beograd vole zbog jedinstvene mešavine: reke, Avala, Kalemegdan, šetališta, restorani, noćni život... Sve je tu u pravoj meri i zato se svi osećaju dobrodošlo. Ipak, neki delovi Beograda pružaju više.

Belgrade is loved for its unique mix: the rivers, Avala, Kalemegdan park, the walkways, restaurants and night life... There is just the right amount of everything, making everyone feel welcome. Certain parts of Belgrade however, do offer more.

Čukarica je velika opština. Neprestano se menja i razvija najviše i najpre zbog svoje lokacije.

Vremenom, Čukarica je postala odlično povezana i dostupna iz svih delova Beograda: od Gazele je udaljena nekoliko minuta vožnje, do Novog Beograda vodi Most na Adi, tu su Ibarska magistrala, auto-put „Miloš Veliki“... Tu je Ada Mall, Hipodrom, Makiš...

Čukarica is a big county. Constantly changing and developing mostly because of its location. In time, it has become a town of its own.

Greatly connected and accessible from all parts of Belgrade, Čukarica has everything needed for a cozy, comfortable life. Located only a few minutes away from Gazela, New Belgrade is accessible via the Ada Bridge, while Ibarska Magistrala and the highway Miloš the Great are also close by...

Umetnost se rađa iz
posmatranja prirode.

Smeštena na padinama iznad Ade Ciganlije, Čukarica pruža veličanstven pogled. A u njenom idealnom kutku iznikao je Victory Gardens.

Located on the hills above Ada Ciganlija, Čukarica offers a magnificent view. And in its ideal corner, Victory Gardens has emerged.

Victory Gardens Stil i sloboda

STYLE AND FREEDOM

Kompleks Victory Gardens je spoj otvorenog prostora u urbanom jezgru i mira usred gradske vreve. Arhitektonski osmišljen kao prirodna nadgradnja postojećeg terena, panoramom dominira svojim organski oblikovanim, ozelenjenim, kaskadnim fasadama.

The Victory Gardens complex is a blend of open space in an urban nucleus and the peacefulness within a bustling city. Architecturally designed to complement the existing terrain, its panorama is dominated by the shaped, greened, cascading facade.

Svaka od pet zgrada u kompleksu ima drugačiju orijentaciju, čime pružaju pogled na Beograd iz svih uglova. Vizuelno, Victory Gardens je upravo ono što savremeno stanovanje čini toliko uzbudljivim i poželjnim: ekspresivno, linearno, elegantno... Prostor u kom se odmah možete da zamislite.

Each of the five buildings in the complex has a different orientation, offering a view of Belgrade from all angles. Visually, Victory Gardens is exactly what makes modern living so exciting and sought after: expressive, linear and elegant... A space in which you can imagine yourself immediately.

Dodatno, u prizemlju svih zgrada nalaze se retail objekti koji će vam svakodnevni život olakšati i pojednostaviti.

In addition to this, you can find retail stores in all ground floors of the buildings, making your daily life easier and simpler.

Dizajn je stalna potreba

Dona Karan

Design is a constant challenge
to balance comfort with luxe,
the practical with the desirable.

Donna Karan

Svoja iskustva dizajn tim utkao je u sva idejna rešenja enterijera kompleksa Victory Gardens.

The design team Company incorporated their experiences into all of the interior design concepts for the Victory Gardens complex.

Stanovi nisu tipski, ali su im najvažnije prednosti zajedničke: plan je otvoren i prozračan, sa dnevnim boravkom, trpezarijom i kuhinjom čiji se prostori prelivaju jedan u drugi.

The apartments aren't identical, but their advantages are shared throughout: spacious and light filled floor plans, with a living room, dining room and kitchen whose spaces flow into one another.

Upravo su prostranost i otvorenost bile najvažniji cilj u svakom od stanova, i taj cilj je više nego uspešno ostvaren. Veliki prozori dodatno doprinose tome da spoljašnjost prirodno postane deo enterijera. Naravno, tu su i terase, okupane zelenilom, koje će vaš dom učiniti rajskim vrtom.

It was the spaciousness and openness of the apartments that were the most important goals of each of the residential units, and this goal was more than achieved. Large windows additionally contribute to the feeling that the exterior naturally blends with the interior. There are the balconies of course, fitted with beautiful plants and greenery which will make your home a botanical paradise.

Deo za noćni odmor je izdvojen, ali i dalje prostran. Time se vaš stil jednako raspoređuje kroz čitav vaš dom – dovoljno je mesta i za funkcionalne komade, ali i za dekoraciju.

Your nightly rest area is secluded, yet spacious. This way your personal style is equally distributed throughout your home – there is enough room for functional pieces, but decorative ones as well.

U svim kupatilima keramika je vrhunskog kvaliteta, a tuš kabine idealne za uspešan početak ili kraj vašeg dana.

All bathrooms feature top quality ceramics, and the showers are there for the ideal start or end of every day.

CENTRALNI SISTEM ZA TRETMAN VODE

Victory Gardens zna da sve počinje od vode. Zato vam dajemo vodu najvišeg kvaliteta. Živećete zdravije, vaši uređaji biće dugovečniji, a uklanjanjem potrebe za kupovinom flaširane vode ne samo da ćete uštedeti, već ćete i svakodnevno činiti nešto dobro za okruženje.

PRIVATNI VRTOVI

Victory Gardens je sa svih strana okružen vrtom, razvijenim drvećem i gradskim baštama. Zelene površine jednako su raspoređene kroz ceo kompleks, čime je izbegnuto postojanje jedne fokalne tačke – jer je svaki kutak uređen i važan. Koliko je zelenilo važno razumećete tek kada se u njemu probudite, prošetate, gledate decu kako se igraju ispred zgrade.

GARDEN APARTMANI

U prizemlju svih zgrada nalaze se jedinstveni apartmani, savršeno pogodni za stanovanje sa sopstvenim baštama. Iz svoje dnevne sobe kročićete u ličnu baštu, samo vaš prostor – zauvek. Osetićete mir, opustićete se usred grada.

SMART HOME READY

U svaki stan u Victory Gardens-u smo investirali u implementaciju infrastrukture za smart home sisteme. Ako želite da vaš stan bude stan iz budućnosti, moguće je implementirati potpuni IOT (internet of things) i sa mobilnog uređaja upravljati aparatima.

ELEKTRIČNI PUNJAČI

Ako ste ljubitelj prirode i vozite električni automobil, u našem projektu postoje garažna mesta baš za vašeg ljubimca. Ta garažna mesta poseduju kompletnu instalaciju za ugradnju električnog punjača kakav želite. Brži ili sporiji u zavisnosti od vaših potreba, na vama je izbor i odluka.

PAKETOMAT

Mislili smo i na sve ljubitelje online kupovine. U okviru ulaznog lobija biće postavljena drop-off/drop on zona na raspolaganju tokom 24h. Prostor za sve stanare će biti sigurno mesto na kome mogu da se ostave pošiljke sve vrste.

ENERGETSKI RAZRED „B“

Zarad obezbeđivanja vodećih karakteristika po pitanju energetskih svojstava objekata na tržištu novogradnje, Victory Gardens objekti su projektovani tako da kompletna rezidencijalna aluminijumska stolarija bude opremljena trostrukim staklopaketom – odnosno trostrukim staklima. Objekti kompleksa Victory Gardens su projektovani da ostvare „B“ energetski razred za objekte novogradnje.

IZBOR ENTERIJERA

Svaki kupac će biti u mogućnosti da prema ličnim afinitetima odabere jedan od dva osnovna paketa – Lumiere i Natura, koji imaju svoju selekciju parketa i pločica. Naturu krase parket od natur hrasta i bele pločice, a Lumiere parket od beljenog hrasta i svetlo sive pločice. Lepota se krije u kvalitetnim detaljima.

IZBOR DODATAKA

Dodatak baš po meri stanara! Svaki stan će moći dodatno da se oplemeni dodacima koji su praktični poput električnog sušača za peškire, nečujnog ventilatora za kupatilo, zatim da svoj dom pretvori u smart home, izabere parking mesto uz dopunu u vidu elektro punjača, izabere jednu od dva ponuđena modela kuhinje ili luxury parket.

BLIZINA ADE CIGANLIJE

Beogradsko more na samo desetak minuta od stana, da li postoji bolje mesto za rekreaciju na otvorenom? Ukoliko ste zaljubljenik u biciklizam krenite poznatom stazom. Zaplešite uz muziku na letnjim festivalima, neka sunce dodirne vašu kožu, uhahnite punim plućima mirise, osetite boje koje se menjaju smenom godišnjih doba i takmičite se čiji oblatak će napraviti najviše žabica.

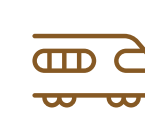

DRUŽENJE & KAFE

Slobodno, a kvalitetno ispunjeno vreme. U savršenoj harmoniji sa dušom i telom. Dodatni sadržaji su osmišljeni tako da prodube iskustvo svakog stanara, da poštuju njegove želje i potrebe. 04

Voda je život

WATER IS LIFE

Victory Gardens nije kompleks jedinstven samo po dizajnerskim rešenjima. I znamo da sve počinje od vode.

Čovek je izmenio planetu, a na nama je da sada damo svoj doprinos povratku u prirodnu ravnotežu.

The Victory Gardens complex isn't unique just because of its design. We all know everything starts with water.

Man has undoubtedly changed the planet, and it is now up to us to contribute towards restoring a natural balance.

Na ovoj premisi zasnovan je jedinstveni Victory Gardens Water Concept. Svaka zgrada u kompleksu poseduje centralni sistem za omekšavanje i dezinfekciju vode.

To znači da je tekuća voda u svakom stanu mikrobiološki ispravna.

The unique Victory Gardens concept is based on this very idea. Every building within the complex is equipped with its own centralized system for the disinfection and 'softening' of water. That means that the water in every apartment is microbiologically clean.

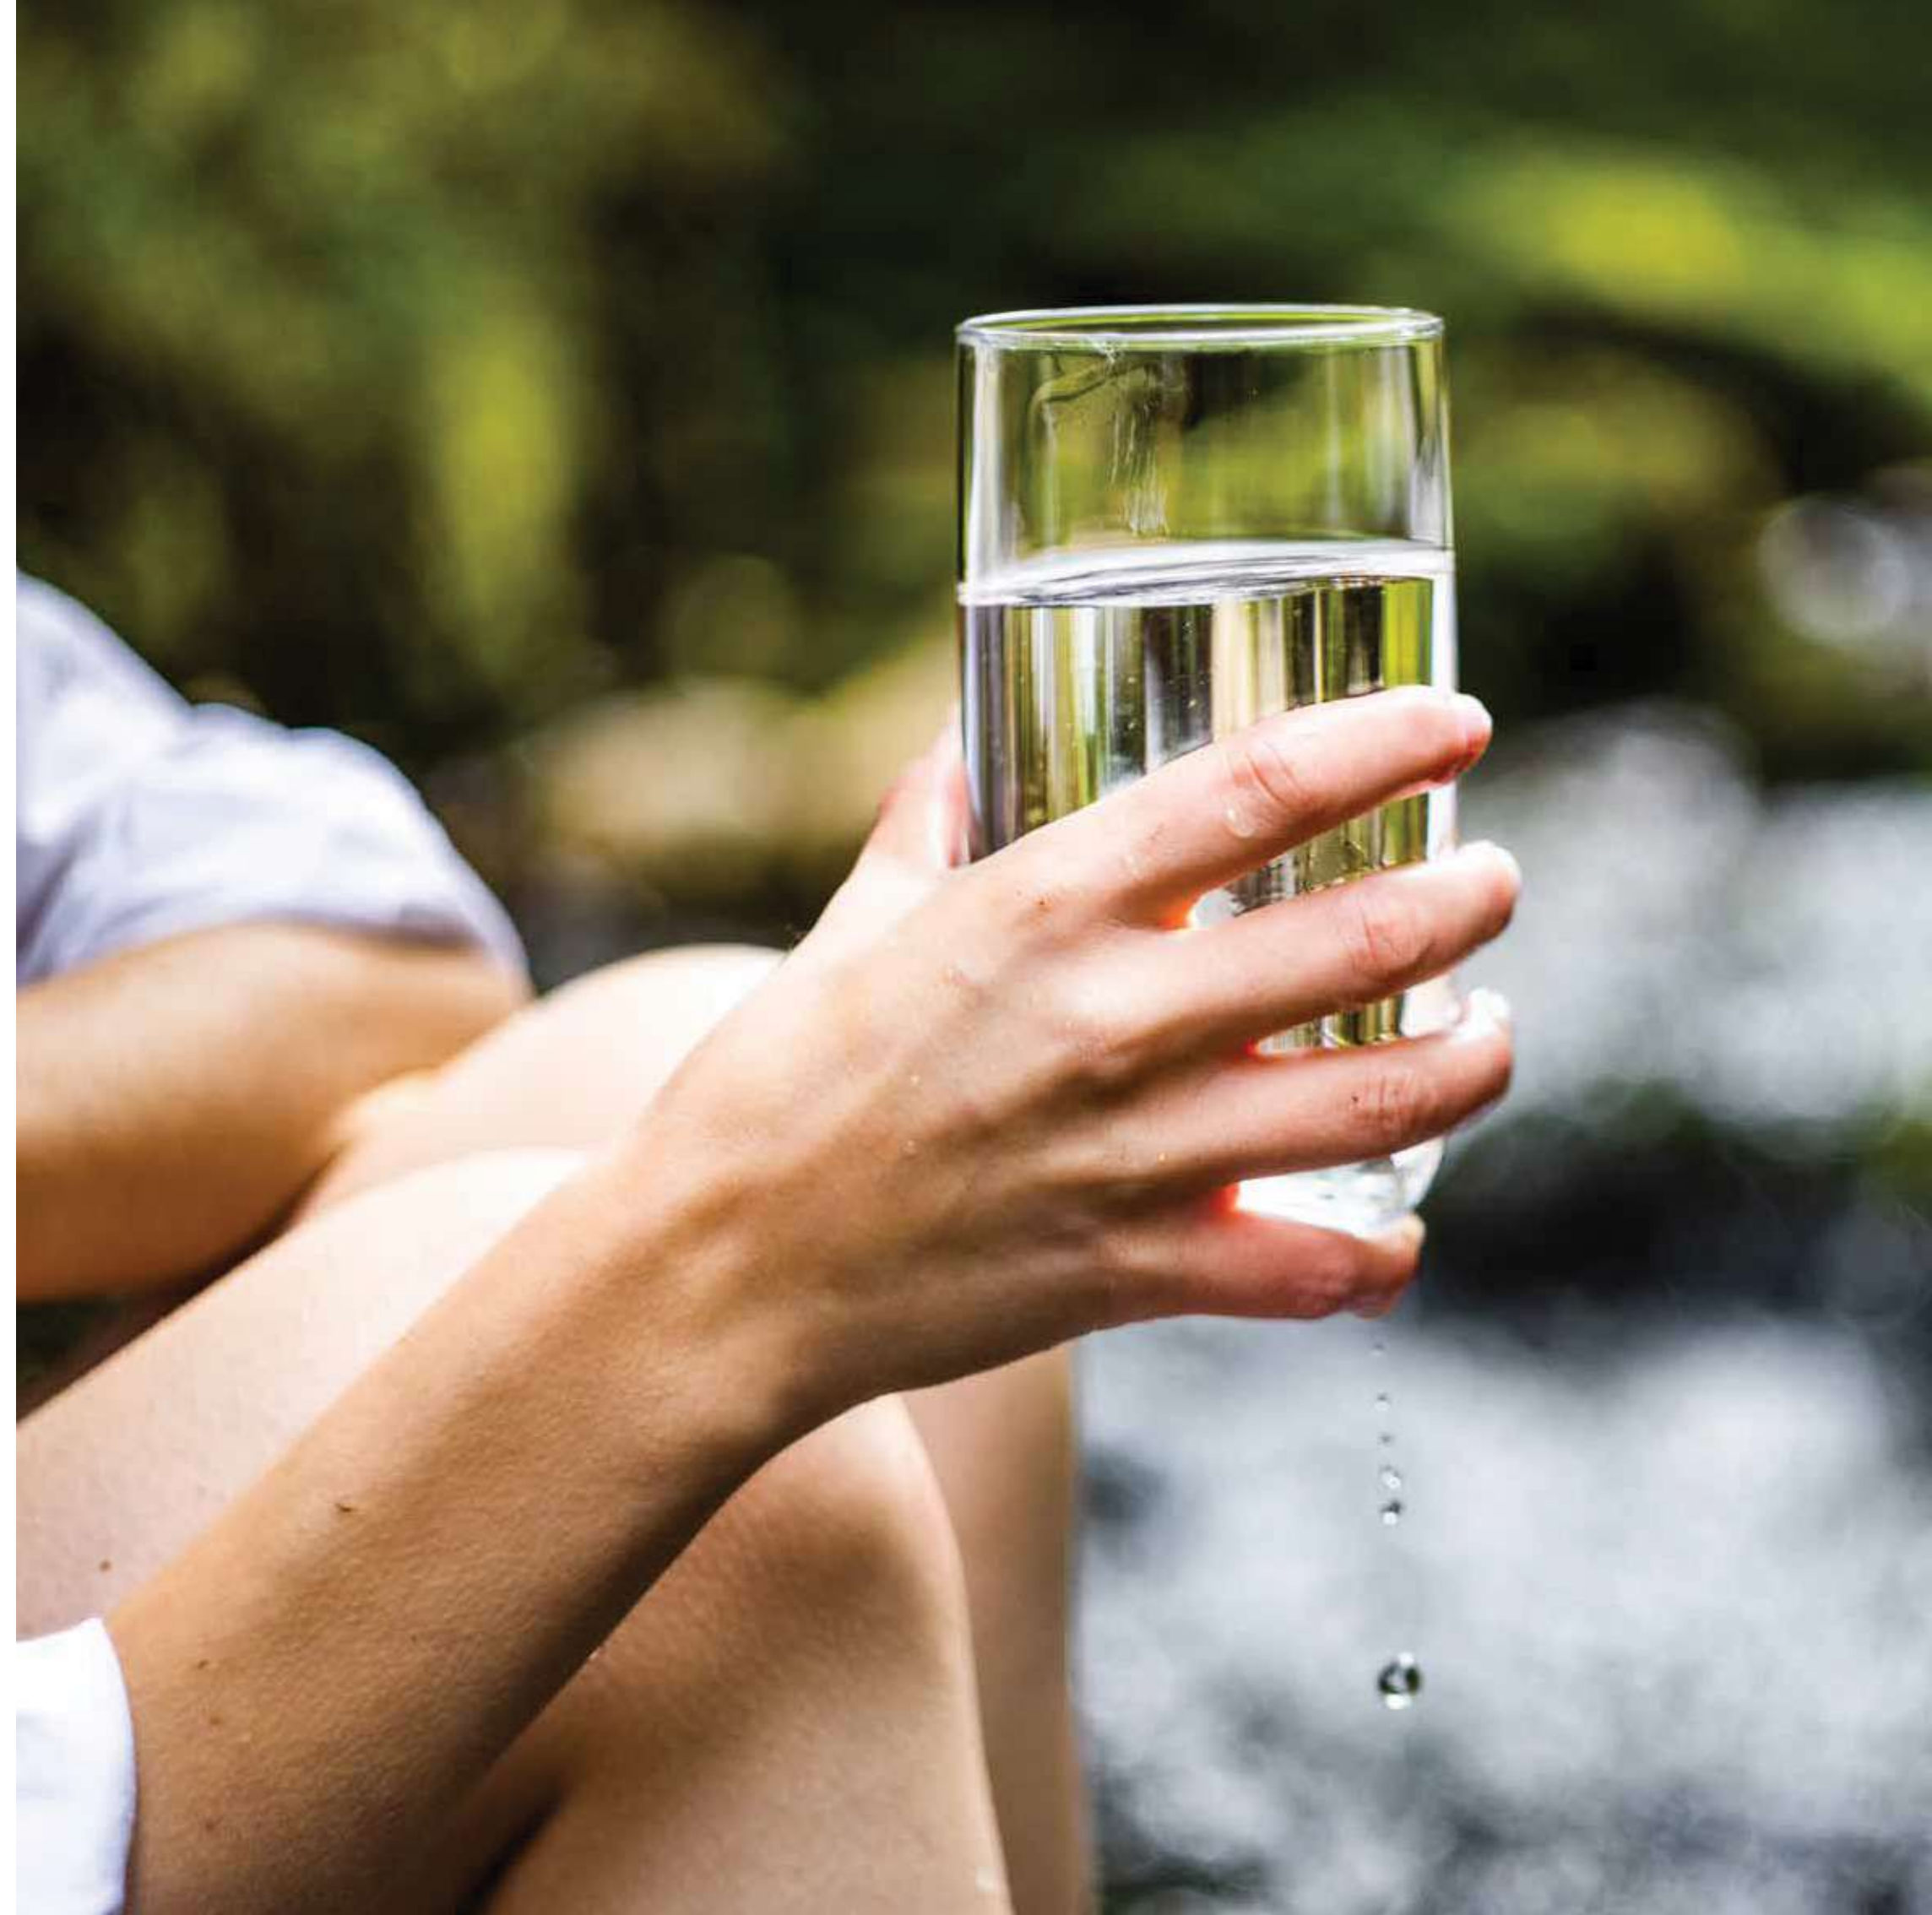

Zato što je to bolje za vas.
Zato što će vaši kućni aparati duže trajati.
Zato što nema potrebe za kupovinom
flaširane vode i prekomernom upotrebom
(i odlaganjem) plastike.

Zato što je dobro za vas,
dobro je i za sve oko vas.

This is better for you. All of your household appliances
will last longer. There is then no need for buying
bottled water and usage (and storage) of plastic.

Because it is good for you, it is good
for everything around you, too.

05

Imagine a view which constantly changes.
And continues to amaze, again and again.

Victory Gardens is surrounded by trees and gardens on all sides. Green surfaces are equally distributed throughout the complex, which means there is no centralized focal point – because every cove is important.
